Report Contents for MERN Projects

Chapter No.		Table of Contents Pa					
1.	Introduction						
	1.1	Literature review /Survey					
	1.2	Challenges/Motivation					
	1.3	Objectives of the project					
	1.4	Problem definition					
2.	Proposed System						
	2.1 Description of proposed system with simple block diagram						
	2.2	Description of Target Users					
	2.3	Advantages/applications of the proposed system					
	2.4	Scope (Boundary of proposed system)					
3.	Software Requirement Specification						
	3.1	Overview of SRS					
	3.2	Requirement Specifications					
		3.3.1	Function	al Requirements			
		3.3.2	Use case	diagrams			
		3.3.3		e descriptions using scenarios, strictly as per			
		3.3.3	Pressman Template Nonfunctional Requirements				
			3.3.3.1	Performance requirements (if applicable)			
			3.3.3.2	Safety requirements (if applicable)			
			3.3.3.3	Security Requirements(if applicable)			
			3.3.3.4	Usability			
			3.3.3.5	Any other			
	3.4	Software	and Hardw	rare requirement specifications			
	3.5	GUI of proposed system (snap shots) navigation from Home screen to end results					
	3.6		ce test plan	l			

4 System Design

- 4.1 Architecture of the system (explanation)
- 4.1 Level 0 DFD (with brief explanation)
- 4.2 Detailed DFD for the proposed system
- 4.3 Class Diagram (with brief explanation)
- 4.4 Sequence diagram (with brief explanation)
- 4.5 ER diagram and schema (if applicable)
- 4.6 State transition diagram(if applicable)
- 4.7 Data structure used

5 Implementation

- 5.1 Proposed Methodology (Explain the methodology with diagram Algorithms explanation)
- 5.2 Modules

(Briefly describe modules

Modules descriptions

Module name ()

Input:

Output:

Code or pseudocode)

6 Testing

6.1 Test plan and test cases (tested as per acceptance test plan)

7 Results & Discussions

(Discus the results and its interpretation.

Snap shots with brief explanation about the results

8 Conclusion and future scope

- Conclude the project by mentioning the features or services you have Implemented.
- In Future work explain how the use of your work can be enhanced

Note:

- Contents are not only limited to these headings, with your Guide permission you can add other relevant contents as per your problem definition
- This is sample template you can add any relevant heading if needed.
- In design section use appropriate design technique.
- Main Headings-16 Times New Roman
- Sub Headings -14 Times New Roman
- Inner Content-12Times New Roman
- Spacing -1.5
- The image should have the image name in Times New Roman of 10 and should have a figure number.
- The table should have a table name in Times New Roman of 10
- Every page should have a Header and Footer. The project name should be at the top right(header), the page number at the bottom right (footer), and the department of BCA at the bottom left (header).
